MEMORANDUM FOR: Director of Central Intelligence  
Deputy Director of Central Intelligence

THROUGH: Executive Director

FROM: Charles A. Briggs  
Director, Office of Legislative Liaison

SUBJECT: Draft Fiscal Year 1986 Intelligence  
Authorization Bill

1. Attached at Tab A for your signature is a letter to Office of Management and Budget (OMB) Director David A. Stockman transmitting the draft Intelligence Authorization Bill for Fiscal Year 1986. Attached at Tab B is a copy of the draft Bill. Comments were received from a number of Agency components and other Intelligence Community agencies concerning earlier drafts of this bill and most of these comments have been incorporated in the revised version attached at Tab B which will be transmitted to OMB for review and approval. Several issues (as described more fully below) remain outstanding, however, and require resolution prior to submission of the bill to OMB.

2. Titles I through III and Title IX of the draft bill are routine in nature and are virtually identical to similar provisions contained in past authorization acts. A number of other provisions contained in the bill also have been included in earlier authorization bills. As you will recall, Title IV's provision addressing Executive Level Schedule increases for the DCI and DDCI was included in last year's authorization bill.

11. As noted above, the Agency at this stage in the authorization process is simply attempting to obtain Administration clearance for the attached proposals. By obtaining such clearance, we are not committed or otherwise obligated to pursue any of these initiatives, or to incorporate these proposals in the final draft Authorization Bill which is submitted to Congress.
